

2026 HSE OBJECTIVES AND TARGETS

As an organization, it is important that we set clear and achievable targets and objectives to demonstrate measurable progress.

Al Adrak takes Health, Safety, Environment and Wellbeing very seriously, and we strive each and every day to make our workplace safer for our employees, our colleagues, the environment and the public.

The following objectives and targets are what Top Management has planned to implement for 2026, and as a team we will work to achieve them.

1. HSE Objectives

1.1 Management Commitment for HSE Excellence

- We will ensure management leadership and engagement on enforcement of HSE policies, demonstrate visible HSE presence and continue HSE performance monitoring and improvement.
- We will encourage our Employees' involvement and give their input to create an incident free workplace.

1.2 Enhance Safety Culture

- We will encourage positive safety behaviors by engaging, motivating and reinforcing our employees' safe work habits.
- Together we can create a work environment where everyone feels encouraged to raise safety observations and discuss openly any safety concerns.
- We will give them the skills they need to establish safe behaviors at workplace.
- We will educate our employees on the accident pyramid and the importance of reporting minor incidents.

1.3 Go Paperless

- We reduce our paper usage as often as possible, by limiting unnecessary printing and encourage paper recycling initiatives.
- We will actively look for ways to reduce our paper usage and do our best for the environment.

1.4 Compliance with National Regulations & International Standards

- We will review our HSE safety management system to ensure full compliance with National Regulations and International Standards and monitor the corrective action plan to achieve compliance.
